FOR IMMEDIATE RELEASE

---

### **SPCA –Overloaded with Dogs**

***Adoptions need to increase to open space for new foundlings, so SPCA is reducing adoption rate for dogs to \$65 this weekend only—get your application in now!***

All dog adoption rates for non-sterilized dogs will be reduced to \$65.00/dog from Friday, January 15 to Sunday, January 17 from 11:00 – 5:00 each day. This adoption fee helps to cover the cost of vaccinations, deworming, micro-chipping, food costs, veterinary care, etc. Fill-out the application and get approved before the weekend blitz!

Persons interested in adopting, can view the pets on line at [www.princealbertspca.com](http://www.princealbertspca.com) and print out the application form. SPCA can also email the application form to those interested.

The Prince Albert SPCA continues to have a full house of dogs. The facility has 28 kennels and is housing 33 dogs and another 14 dogs in foster care. When the public calls the SPCA to bring a “found” dog in or calls Bylaw Enforcement to pick up a dog at large, the SPCA has no room to accommodate these animals due to the growing number of unclaimed dogs by pet owners.

Please call the Animal Care Centre at 763-6110 for information about our pets or email [pa.spca@sasktel.net](mailto:pa.spca@sasktel.net)
