## **Snow Route Parking Ban to go into effect**

A Snow Route Parking Ban has been declared effective 4:00 p.m., Sunday, January 24, 2010.

Parking is prohibited on Snow Routes when a Snow Route Parking Ban is declared. The parking ban will require drivers to immediately remove their vehicles from Snow Routes which are marked by a snow route sign.

Parking bans are temporary, usually lasting 72 hours, unless persistent snowfall requires a parking ban to be re-declared. In the event that a parking ban is declared, notices will be released to local radio stations and will be posted on the City's Website.

If the Priority One streets are cleared before the 72 hours has lapsed and there is no threat of a continuing storm, the parking ban may be withdrawn sooner. In this case, a posting will be made on the City website and notifications will be sent to local media.

The City appreciates your cooperation in helping us to ensure that streets are cleared as safely and efficiently as possible.

For a complete map of the priority Snow Routes, please go to the Public Works section on the City's website at [www.citypa.ca](http://www.citypa.ca) and refer to the Snow and Ice Control Policy
