River Street West (4 – 6 Avenue) closed

Starting March 6 until surface construction can be completed (estimated to be end of May)

The City of Prince Albert wishes to advise motorists of the closure of River Street West between 4th and 6th Avenues, starting tomorrow, March 6th. Keeping vehicles off the road while the snow and ground thaws will ensure that initial road construction work that started in 2009 will not be lost due to vehicle traffic on the melting sections. The completion of the roadway, sidewalks, curbing and boulevards is a top priority for the spring construction season and is estimated to be complete by the end of May.

Motorists should use caution and observe detour routes. The City thanks residents for their patience while this road closure is in effect.
