Students Association Awareness Walk

Potential for Minor Traffic Delays

The City has been notified that a Students Association group is planning an Awareness Walk tomorrow on Wednesday, April 21st.

The walk is to leave 1301 Central Avenue at 9:00 am, heading south on the sidewalk to 15th Street. The walk will cross to the south side of 15th Street at the lights and head west on the sidewalk to the intersection of 15th and 2nd AW. They then cross at the intersection to the west side of 2nd Avenue West and head south along the sidewalk to the south City limits.

Motorists should be advised that there could be some minor traffic delays caused when the students cross at the intersections and that we would request that motorists use due care and attention.
