FOR IMMEDIATE RELEASE

Open House to View Prince Albert Area Transportation Planning Study

The City is inviting all residents and interested parties to an open house where they are able to view displays related to the Prince Albert Area Transportation Planning Study report. The Open House will take place in the City Hall foyer on Wednesday, June 23, 2010 from 4:00 – 6:00 p.m. Administration will be available for questions regarding the options contained in the report.

The study purpose is to identify a long term transportation plan that will facilitate continued growth and prosperity for the City of Prince Albert and surrounding area for a timeframe of 50 years. Future roadway alignment requirements and infrastructure improvements including potential bridges were examined, while considering the safe and efficient transportation of people, goods and services.

The Open House will allow City officials to document comments from residents related to the improvement options outlined in the report. Feedback captured will be reported to Council and will assist in forming final recommendations.

A copy of the study can be viewed on the City website at www.citypa.ca.
