Water and Sewer Rates Receive Ministerial Approval

New Rates Effective June 16th

Bylaw No. 14 of 2010 which is the Water and Sewer Rate Amendment Bylaw received ministerial approval from the province. The new rates will go into effect June 16, 2010. The Bylaw changes the metered water and sewer consumption rate and the rates for monthly fixed meter service charge for water and sewer (infrastructure) charges.

According to City Manager, Robert Cotterill, “The new rates will provide a more equitable way of billing for water and sewer charges and will allow residents to see the benefits of conserving water. In addition, the monthly fees more accurately reflect the cost of maintaining our water and sewer fixed charges”.

For more detailed information on the new rates, please visit the City’s website at www.citypa.ca and look under Find It Fast – Water Division – Water and Sewer Pricing Information.
