## **Lane Closures on 2<sup>nd</sup> Avenue West**

### *Environmental Contractor working in and near roadway*

The City of Prince Albert wishes to advise motorists of upcoming lane closures on 2<sup>nd</sup> Avenue West and 16<sup>th</sup> Street West in the 1500 Block and 200 block, respectively, occurring on Monday, October 04, adjacent to the COOP Gas bar, to facilitate work required by that facility in and near the roadway.

Beginning at 1:00 PM, and lasting until approximately 4:00 PM, southbound traffic on Second Avenue will be restricted to one lane, with the curbside and outer through lane closed. Full traffic will be restored on Second Avenue to facilitate the end-of-workday commute.

Beginning at approximately 6:00 PM, the westbound lane of 16<sup>th</sup> Street West will be closed for the remainder of the evening.

In late evening, workers will return to 2<sup>nd</sup> Avenue, and southbound traffic will again be restricted to one lane. The inner through lane and southbound-to-eastbound left turn lane will be closed for traffic.

The work is expected to be complete within the calendar day, but may be extended to Tuesday, October 5<sup>th</sup>, should adverse circumstances be encountered.

Directional signage and delineation barricading will be in place to guide vehicles through the work area. Motorists are reminded to use caution when approaching the work zone, to reduce their speed while passing the work site, to be diligent for equipment and personnel working in close proximity to the driving surface, and to potentially expect delays. The City thanks residents for their patience and understanding during this period.
