Municipal Stakeholders Invited to Public Meeting on Municipal-Provincial Priorities

City identifies flooding as a particular issue, encouraging residents to attend meeting to provide feedback

The Ministry of Municipal Affairs has created a Statement of Provincial Interest (SPI), a policy document aimed at consolidating provincial and municipal priorities on land use. The intention is to provide direction for municipalities in terms of local and regional development.

Municipal stakeholders, the media and the public are invited to attend a public meeting on the above matter on:

Tuesday, November 16, 2010

City Hall Foyer

5:00 – 8:00 p.m.

In a report to City Council, the City Of Prince Albert's Planning Department has identified flooding as a particular issue affecting Prince Albert residents in the East Flat area. The City is encouraging residents to attend this meeting to provide feedback to the Province on this issue as well as 15 other areas of common interest:

- Agricultural and Value Added Agribusiness
- Ecological Integrity
- First Nations and Métis Involvement
- Forests
- Heritage
- Housing
- Inter-municipal Cooperation
- Mineral Exploration, Development and Extraction
- Municipal Infrastructure
- Public Safety
- Sand and Gravel Quarries
- Recreation and Tourism
- Shoreland and Water Bodies
- Source Water Protection
- Transportation

-30-
