“For Immediate Release”

2nd Avenue West Now Open to Traffic

Infrastructure improvements now complete

The City of Prince Albert would like to advise motorists that the infrastructure work on 2nd Avenue West (between 28th and 32nd Street) has now been completed. The \$520,000 infrastructure repair project began on Wednesday, September 10, 2008 and was projected to take between two and three weeks to finish.

Last winter this portion of 2nd avenue encountered several water main breaks which disrupted traffic and businesses in the area. The repair work that was just completed will extend the life of the watermains in the area. It will also significantly decrease the possibility of any further disruptions to water services for many years to come.

For more information regarding this media release, please contact the Public Works Department at 953-4900.
