“For Immediate Release”

Road Closure – 200 Block of 11th Street East

The City of Prince Albert wishes to advise residents of lead connection replacement in the 200 Block of 11th Street East. The work is scheduled to begin Wednesday, September 9th and continue until Friday, September 18th. During the construction period, the road will be closed to motorists except for local traffic. Street side parking will not be allowed during the construction period.

In conjunction with replacing the lead services, the sanitary sewer connections will also be replaced. Residents with lead connections will experience a disruption to their water service when the new water line is being reconnected which will last for approximately 1 to 2 hours. This work will only affect residents with lead services.

The City of Prince Albert thanks residents for their patience and understanding during this period.
