FOR IMMEDIATE RELEASE

Bridge Traffic Delays October 6

Traffic delays can be expected on the Diefenbaker Bridge starting at 10 a.m. tomorrow morning. Work will begin on the northbound side of the bridge for approximately an hour and a half and then switch to the southbound side of the bridge. One lane of traffic will be closed at a time to accommodate the work. Your patience is appreciated. The work is expected to be completed by 1:00pm. Short delays can be expected when approaching the work zones.

Those hauling wide loads should contact the Public Works Department at 953-4900 to determine if they are able to fit across the bridge.
