PRINCE ALBERT POLICE SERVICE

TITLE: Appointment of Board Secretary and Acting Board Secretary

DATE: October 5, 2022

TO: Chief of Police

Board of Police Commissioners

PUBLIC:

INCAMERA:

RECOMMENDATIONS:

That the Executive Assistant to the City Manager be appointed as Board Secretary and the Confidential Secretary to the City Manager be appointed as Acting Board Secretary for the Prince Albert Board of Police Commissioners.

TOPIC & PURPOSE:

To seek the Board's approval for the appointment of a Board Secretary and Acting Board Secretary for the Prince Albert Board of Police Commissioners.

BACKGROUND:

In March 2022, the Board Secretary, Melodie Boulet, was seconded to the Financial Services Department to undertake an organizational review and Rena Noble, as Acting Board Secretary, assumed the duties associated with the Secretary role during this time.

REPORT:

Over the last several months, there has been a review of duties and structure within the City Hall operations resulting in new staff appointments, clarification of duties and changes to organizational structure; including position changes within the City Manager's Office. As the current Board Secretary, Melodie Boulet, has accepted a permanent managerial position within the Financial Services Department, she is unable to continue fulfilling the role of Secretary to the Board.

Traditionally, the Executive Assistant and Confidential Secretary within my office have provided the Board Secretary and Acting Board Secretary services and it is my recommendation that the Board continue with this format moving forward.

Currently, Rena Noble is the Executive Assistant in my office and the Confidential Secretary position is vacant; however, we anticipate that position being filled within the next couple of weeks. Due to the time needed for a new employee to be trained on all aspects of the position, Melodie will be available to assist on an as needed basis for up to six (6) months until the new employee is comfortable with taking on additional responsibilities such as the role of Acting Board Secretary.

COMMUNICATION PLAN:

Once approved, the Board Secretary will communicate the change to the appropriate governance bodies, update the Terms of Reference and update the City of Prince Albert and Police Service websites.

OTHER CONSIDERATIONS/IMPLICATIONS:

There are no strategic plan, official community plan, policy, privacy or financial implications.

PUBLIC NOTICE:

Public Notice pursuant to the Public Notice Bylaw No. 24 of 2015 is not required.

PRINCE ALBERT POLICE SERVICE

TITLE: 2023 Board of Police Commissioners Meeting Schedule

DATE: October 7, 2022

TO: Chief of Police

Board of Police Commissioners

PUBLIC:

INCAMERA:

RECOMMENDATION:

That the 2023 Meeting Schedule for the Prince Albert Board of Police Commissioners be approved as attached to the Report from the Acting Board Secretary dated October 7, 2022.

TOPIC & PURPOSE:

To seek the Board's approval for the 2023 Board of Police Commissioners meeting schedule.

BACKGROUND:

Each year a report from the Board Secretary is brought forward to the Board to approve the meeting dates for the upcoming calendar year.

REPORT:

The schedule for the Board of Police Commissioners meetings have been changing over the last few years to adapt to the schedules and other commitments required of the Board members and Police Administration.

Throughout 2022, meetings have typically been held on the third Tuesday of the month beginning at 9:00 am. Having the meeting later in the month allows the Police Service time to provide current statistical reports. The Board has expressed an interest in having changes made to the meeting schedule that would better align with the Board Members' work schedules. In addition, the Board has consulted with other municipalities who have moved to quarterly public meetings and monthly Incamera meetings and the Prince Albert Board would like to follow a similar format.

Taking into account these factors, the following changes to the meeting schedule are being proposed:

- Public meetings to be held quarterly and Incamera meetings to be held monthly (no meetings scheduled for July and August unless required);
- Meetings to be scheduled on the third Tuesday of each month in the Main Boardroom at City Hall (unless otherwise indicated on the schedule); and
- Meetings to commence at 8:00 a.m.

Accordingly, please find attached the proposed 2023 Board Meeting Schedule.

OPTIONS TO RECOMMENDATION:

That the Board amends the 2023 Board of Police Commissioners Meeting Schedule to a different day of the week or a different time.

PUBLIC AND/OR STAKEHOLDER INVOLVEMENT:

The Acting Board Secretary has consulted with the Board Chairperson and Board Vice-Chairperson.

COMMUNICATION PLAN:

Once approved, the 2023 Board of Police Commissioners Meeting Schedule and public meeting notices will be posted on the City and Police Service's websites, along with having the public notices placed on the bulletin board located in the City Hall Foyer.

OTHER CONSIDERATIONS/IMPLICATIONS:

There are no strategic plan, official community plan, policy, privacy or financial implications.

PUBLIC NOTICE:

Public Notice pursuant to the Public Notice Bylaw No. 24 of 2015 is not required.

Role of the Commission

The Saskatchewan Police Commission provides independent oversight of municipal and First Nations policing and oversees operation of the Saskatchewan Police College. The Commission has broad jurisdiction, including administrative, appellate, audit, disciplinary, education, inquisitorial and legislative authority.

Philosophy

The primary responsibility of the police is to keep people safe and enforce the law while upholding the *Canadian Charter of Rights and Freedoms* and other human rights legislation. The Saskatchewan Police Commission was created in 1974, and it has since maintained community policing as its guiding philosophy. In accordance with today's complex social challenges, the Commission promotes policing that is fair and equitable, done in partnership with communities, and which serves to build and maintain trust with the public. This overarching philosophy also provides the education and training foundation for police officers at the Saskatchewan Police College.

Mandate

The mandate of the Saskatchewan Police Commission is prescribed by subsection 19(1) of *The Police Act, 1990* as:

Duty and powers of commission

19(1) The commission shall promote:

- (a) adequate and effective policing throughout Saskatchewan; and
- (b) the preservation of peace, the prevention of crime, the efficiency of police services and the improvement of police relationships with communities within Saskatchewan.

Authorized Activities

The Police Act, 1990 provides the Commission with powers and duties to fulfill its mandate. Those provisions include:

- section 12, to make regulations to the Act – provided the Commission consults with local boards of police commissioners, the Saskatchewan Association of Chiefs of Police (SACP) and the Saskatchewan Federation of Police Officers (SFPO) and subject to the approval of the Lieutenant Governor in Council;
- subsection 19(2), to develop programs to create a public understanding of police functions and promote the improvement of community relationships and crime prevention; to conduct research; facilitate coordination of police activities on a provincial and municipal basis to ensure uniform law enforcement and cooperation between police services and other services; operate the Saskatchewan Police College; conduct audits and reviews of police services; develop police training programs; compile a police and procedure instruction manual for boards, chiefs and police services; provide financial aid for police education; and establish a central information and statistics service for all police services;
- section 39(11), allows the Commission, with the approval of the minister, to provide direction to the Public Complaints Commission (PCC) regarding the general conduct of the PCC's duties;

- sections 69-71, to hear and decide appeals from decisions of hearing officers;
- section 86, to receive copies of the constitution and bylaws and any amendments from local police associations;
- section 89, subject to approval of the minister, to conduct inquiries and take any action arising from the inquiry; and
- section 94.2, to require training for local boards of police commissioners.

Commission Budgets

2017-18	\$204,000.00	\$1,280,000.00	\$1,484,000.00

Strategic Priorities

The Saskatchewan Police Commission is currently engaged in a renewed strategic planning effort that is focused on the following priorities:

1. Governance – strong governance for an effective oversight body.
2. Capacity – people and other resources are in place to fulfil the Commission’s mandated functions.
3. Sector Relations and Coordination – the police sector is collaborative and well-connected with the communities it serves.
4. Policing Fundamentals – given today’s complex social challenges, ensure policing is fair and equitable, attracts and reflects diverse candidates, is done in partnership, and serves to build and maintain trust.
5. Saskatchewan Police College – existing police training capacity is expanded to meet increased demand.

Activities of the Commission

The Saskatchewan Police Commission provides independent provincial oversight to 12 municipal policing agencies, including one First Nations police service, and operates the Saskatchewan Police College.

In discharging its mandate, the Commission is responsible for promoting accountability, efficiency and cooperative policing relationships within communities. To do so, the Commission regularly consults with municipal boards of police commissioners, SACP and SFPO.

The Commission places considerable emphasis on the importance of diversity and inclusion in police services. To ensure strong, vibrant and resilient workplace settings, the Commission works closely with police services to ensure clear work standards are in place that reflect safe, professional boundaries, an atmosphere of encouragement, and accessible employee supports and services.

The Commission is actively engaged in providing oversight to municipal and First Nations policing. Police services are required to regularly report use of force occurrences including the discharge of firearms and conducted energy weapons, information relating to the administration of discipline, and other personnel matters. The Commission closely monitors public complaints and internal discipline matters, including evaluating requests to extend time-limitations for discipline investigations as established in *The Municipal Police Discipline Regulations, 1991*. It also serves as an appeal body related to decisions made by independent hearing officers. Additionally, police services are required to make applications to the Commission seeking regulatory approvals under *The Police Act, 1990* and related regulations.

The Commission is mandated through legislation to provide training at the Saskatchewan Police College. It does so through comprehensive, sector-leading curriculum design that is delivered in a manner that demonstrates high training and program standards. Education and training are provided to new police recruits, serving police officers, other public safety personnel, and municipal and First Nations boards of police commissioners.

Meetings

In 2021-22, the Saskatchewan Police Commission considered a range of issues on 18 occasions through full-day in-person and short-duration virtual meetings.

Collaboration

The Saskatchewan Police Commission strives to engage in effective, trusted and accountable police oversight by building and maintaining constructive relationships through regular communication with all police stakeholders, including the Ministry of Corrections, Policing and Public Safety, SACP, SFPO, and municipal and First Nations boards of police commissioners. Commission members met several times with these stakeholders in 2021-22.

The Commission has been highly engaged in proactive relationship building efforts to ensure a comprehensive understanding of Saskatchewan’s complex policing landscape, challenges and emerging opportunities. In the past year, the Commission met with each of the 12 police chiefs, senior police service executives and members of the boards of police commissioners.

Appeals to the Commission

On May 4, 2021, a Saskatchewan Police Commission panel heard an appeal of the Registrar of Private Investigations and Security Guards, Saskatchewan, Ministry of Justice’s decision to deny issuing a license for a security company under *The Private Investigators and Security Guards Act, 1997* pursuant to section 23 of the Act. The appeal proceeded under section 34(b) of the Act. The appeal was dismissed. The Registrar did not seek costs, and no costs were awarded.

On January 5, 2022, a Saskatchewan Police Commission panel was convened to hear an appeal of the Registrar of Private Investigations and Security Guards, Saskatchewan, Ministry of Justice’s decision to cancel an individual’s security guard and private investigator’s license pursuant to section 14 of *The Private Investigators and Security Guards Act, 1997*. Just before the hearing began, the appellant revoked the appeal.

Regulations

On October 6, 2021 – as approved and ordered by the Lieutenant Governor in Council, pursuant to section 12 of *The Police Act, 1990* – the Saskatchewan Police Commission made *The Municipal Police Report Forms and Filing System Amendment Regulations, 2021*, with respect to section 21, Periods of Retention (OC 508/2021).

On October 6, 2021 – as approved and ordered by the Lieutenant Governor in Council, pursuant to section 12 of *The Police Act, 1990* – the Saskatchewan Police Commission made *The Municipal Police Equipment Amendment Regulations, 2021*, with respect to section 6, Semi-automatic pistol, and section 7, Ammunition (OC 509/2021).

Inquiry

On June 23, 2021, the Saskatchewan Police Commission Chairperson, with the approval of the Minister of Corrections, Policing and Public Safety, directed an inquiry into workplace concerns at the Estevan Police Service be conducted pursuant to section 89(1) of *The Police Act, 1990*.

The inquiry focuses on workplace culture, health and well-being supports for police and civilian police personnel, the roles and responsibilities of the Chief of Police and the Estevan Board of Police Commissioners, and what effect those factors may have on the quality of police services in Estevan.

Mr. Aaron Fox, Q.C. was appointed to conduct the inquiry with the Commission taking appropriate action arising from those findings. The inquiry is projected to be completed in summer 2022.

Audits

In late 2021, four people died while in the custody of municipal police services. Three of those deaths occurred in Prince Albert and one in Moose Jaw. Each death remains under investigation with an appointed investigation observer, as provided for in section 91.1 of *The Police Act, 1990*. As with all deaths, the Saskatchewan Coroners Service is also conducting their own investigations.

On November 15, 2021, pursuant to section 19(2)(e) of *The Police Act, 1990*, the Saskatchewan Police Commission responded to these deaths and began conducting an audit of all municipal and First Nations police services with respect to the care, control, transport and detention of persons in police custody. The audit is ongoing, and may result in policy changes, agency specific operational recommendations, follow-up compliance assessments, and other directives and supports as required.

Policy Development

In late 2021, a policy, standards and compliance officer was hired by the Saskatchewan Police Commission to better support the delivery of the Saskatchewan Police Commission's mandate, including future policy renewal.

Saskatchewan Police College

Police Education and Training

The Saskatchewan Police College is the provincial police training and education academy for municipal and First Nations police officers in the province. The Saskatchewan Police College operates under the authority and control of the Saskatchewan Police Commission by virtue of *The Police Act, 1990*.

The Saskatchewan Police College's mission is to collaborate with municipal and First Nations police agencies and other public safety agencies to provide:

- basic police and other peace officer recruit training;
- ongoing in-service training for serving police officers, other public safety personnel, and municipal and First Nations boards of police commissioners;
- training regarding specialized investigative techniques; and
- ongoing evaluation of current trends and technologies that impact police responses.

In 2021-22, 713 candidates received training at the Saskatchewan Police College.

The police college provides important opportunities for lead facilitators to attend external, sector-leading professional development training to ensure course content meets modern police training expectations.

Recently, instructors received professional development insights for designing curriculum and delivering de-escalation training. This was intended to increase the likelihood of peaceful resolutions during high-pressure encounters with subjects demonstrating dangerous behaviours. These insights will build upon existing evidence-based instructional practices. They will also help officers recognize subject behaviours associated with a mental health crisis or other states of altered perception and equip them with the interaction skills necessary to make meaningful connections that can prevent use of force encounters.

Recruit Education and Training

Police and other peace officer recruit education and training is a 20-week program for candidates hired independently from Saskatchewan municipal and First Nations police agencies, as well as other public safety agencies. The program is designed to help course candidates develop the knowledge, skills and abilities required for the successful performance of general policing duties during a candidate's first two years of service. The recruit training program is followed by four to six months of field training at the recruit's home agency with a field training officer. Field training may include one to two weeks of agency specific introductory training.

Recruit Training Class #82 was originally scheduled from January 13, 2021 to May 28, 2021, but it ended one month early on April 23, 2021, as a result of a provincial COVID-19 restriction. The class started with 26 candidates, 24 graduated. Of those candidates, 22 graduated on April 23, 2022, and two graduated on May 28, 2022.

On March 21, 2022, as part of a Government of Saskatchewan COVID-19 directive, the Saskatchewan Police College was required to significantly alter all in-person training. To continue, recruits and training officers admirably remained in collective isolation to complete the course. The police college re-structured the remaining class schedule to complete recruit training in a manner that did not violate isolation requirements. Supplementary training was also done through individual agencies with a later scheduled return to the police college. This effort ensured the health and safety of candidates and police college personnel, as well as a timely graduation under the circumstances.

Recruit Training Class #83 started training on July 26, 2021 with 30 candidates; 24 graduated on December 10, 2021. This included eight from Regina Police Service, five from Saskatoon Police Service, four from the Saskatchewan Highway Patrol, three from Prince Albert Police Service, two from Moose Jaw Police Service, one from Estevan Police Service, and one from the Vanscoy Police Service.

Recruit Training Class #84 started on January 10, 2022 with 30 candidates; 29 graduated on May 27, 2022. This included 10 from Regina Police Service, nine from Saskatoon Police Service, five from Prince Albert Police Service, two from Moose Jaw Police Service, one from Estevan Police Service, one from File Hills First Nations Police Service, and one from the Wilton Police Service.

Truth and Reconciliation

As part of the Diversity Awareness Training, Acting Executive Director Cory Lerat, in collaboration with Chief Cadmus Delorme of the Cowessess First Nation and Executive Director Jason Stonechild of the Federation of Indigenous and Sovereign Nations, delivered recruit training content related to The Truth and Reconciliation Commission of Canada: Calls to Action. This session was well received. Diversity awareness curriculum content is currently under review, and it includes community input from the Saskatoon Police Service's Indigenous Women's Advisory Circle, Regina Police Service's Elders Advisory Committee, and the ministries of Justice and Attorney General and Corrections, Policing and Public Safety's Elders Advisory Committee.

The key areas of focus within the current police recruit training program are:

In-Service Training

The Saskatchewan Police College returned to providing a full calendar of in-service training in 2021-22 after having to reduce or cancel courses in 2020-21 due to the COVID-19 pandemic. A total of 36 training courses, workshops and seminars were delivered, with 627 candidates attending.

Courses are offered for all levels of serving personnel. There are more basic courses, such as the Operational Investigator Course, specific courses that address focused areas of investigation, and other training that is directed toward management and leadership development.

Courses provided this year included Introduction to Management, Senior Constable Development, Operational Investigator, and Cultural & Diversity Awareness.

Specialized courses, workshops and seminars were also offered at the police college. These programs included Advanced Interviewing, Search Warrant Writing, Field Training Officer Course, Defensive Tactics Instructor Training, Defensive Tactics Instructor Recertification Training, Firearms Instructor Training, Firearms Instructor Re-certification, Service Pistol Armourer Course, Conducted Energy Weapon Instructor Course, Conducted Energy Weapon Instructor Recertification, and two-day Saskatchewan Municipal Boards of Police Commissioner Training.

Typically, a one-day annual seminar is held for firearms instructors; however, due to the renewed Provincial Firearms Manual, no seminar was held. Instead, firearms instructors and police college personnel met virtually and in-person throughout the year.

Training Needs Assessment

Over the past five years, the Saskatchewan Police College has delivered recruit training courses twice a year, training a total of 242 new police officers. The average number of police recruits enrolled per course has been 22. In 2021, the demand for recruit training increased. In addition to police officer attrition and retirements, many municipal and First Nations police services across the province received increased funding for additional police officers. To meet these challenges, the police college increased enrolment to 30 police recruits per course.

Recently, the police college received requests from across the province to train upwards of 40 police recruits per course. The Saskatchewan Police Commission is now working with the Ministry of Corrections, Policing and Public Safety and SACP to respond to these increased training requests.

On March 10, 2022, as part of this collaborative response with the ministry, a comprehensive training needs assessment began that is not only examining the current training provided by the police college but also the existing compliment of specific training programs that exist in other provincial enforcement agencies. Recognizing that the assessment findings will become available in 2023, the Commission is committed to building upon the existing services provided at the police college, where possible, until any significant changes to law enforcement training in Saskatchewan are made.

Disposition of Police Discipline Files

Chiefs of police are responsible for maintaining discipline within their police service and are required to investigate allegations of police misconduct, and where the investigation reveals sufficient evidence of a discipline offence, to take disciplinary action. In the case of public complaints of police misconduct, the PCC is notified, and the PCC either conducts or reviews the investigation.

The Saskatchewan Police Commission's Chairperson may extend the time to initiate discipline proceedings to allow for a proper investigation and review by the PCC. The Commission tracks the investigation of police misconduct and any consequences.

Calendar Year 2021

During the 2021 calendar year, 171 police discipline files were concluded as set out in the table below.

At that time, the following Motion was approved:

“That the City Manager instruct Administration to consult with Elementary Schools that are on main arterials with designated speeding limits exceeding 30 km/hour on matters that they feel are traffic safety concerns for students and forward a further report of those concerns and suggested solutions for consideration at an upcoming Executive Committee meeting.”

In that regard, if you have any questions with respect to this matter, I would ask that you contact Wes Hicks, Director of Public Works, at 306-953-4900. Also, I will certainly endeavor to advise you following consideration of the requested report.

TITLE: School Zone and Area Review

DATE: September 2, 2022

TO: Executive Committee

PUBLIC: X

INCAMERA:

RECOMMENDATION:

That the report be taken as information and filed.

TOPIC & PURPOSE:

The purpose of this report is to review the set speed limit in Elementary School Areas within the City of Prince Albert.

BACKGROUND:

The City of Prince Albert contains 17 Elementary Schools within its limits. Roadways adjacent to these schools are comprised of School Zones and School Areas in order to enhance safety for children. A School Area is denoted by School Area signing only, whereas a School Zone is denoted by School Area signing and a reduced speed limit of 30km/hr.

Eight of these Elementary Schools are adjacent to a collector or arterial roadway on one side with a School Area designation and a set speed limit of 50km/hr. Each School Zone and Area is shown in Attachment 1 – Bylaw No. 35 of 2022 Schedule 64 (b).

The 8 Elementary Schools are:

1. Arthur Pechey School (28th Street West)
2. Holy Cross School (15th Avenue East)
3. St. Anne's School (6th Avenue West)

4. Queen Mary School (15th Street West)
5. Riverside School (River Street)
6. Princess Margaret School (4th Street East)
7. Vincent Massey School (28th Street East)
8. St. John's School (15th Avenue East)

The City of Prince Albert's current approach follows national guidelines set by the Transportation Association of Canada (TAC) in the School and Playground Areas and Zones: Guidelines for Application and Implementation Manual. These guidelines were used to determine which streets require a School Area or School Zone designation. The Guide utilizes data such as fencing, road type, sidewalk locations, property lines and more to determine if a speed reduction is warranted along each road segment. It should be noted that all eight school areas listed above are fenced to prevent children from running onto the road.

SGI Crash Statistics were reviewed from 2012-2022 as shown in Table 1 below. It was found that there have been no pedestrian/vehicle collisions in any of the listed School Areas in the last 10 years. However, two recorded incidents of a pedestrian running into the roadway which contributed to vehicular accidents were noted. These incidents occurred in 2012 and 2014.

Table 1: SGI Crash Data 2012 – 2022 in Elementary School Areas

School Zone	Pedestrian Collisions	Corridor	Fenced?
Arthur Pechey	0	28th St E	Yes
St. Anne's	0	6th Ave W	Yes
Queen Mary	0	15th St W	Yes
Riverside	0	River Street E	Yes
Holy Cross	0	15th Ave E	Yes
Princess Margaret	0	4th St E	Yes
Vincent Massey	0	28th St E	Yes
St. John's	0	15th Ave E	Yes
Sum	0		

The Department of Public Works reviewed service calls dating back to 2019 regarding speeding in school zones. There have been 0 documented concerns in this timeframe.

PROPOSED APPROACH AND RATIONALE:

The most effective measure to keep children safe near school areas and zones is to prevent them from running onto the roadway in unexpected locations. Full fencing between busy roadways and having school entrances on less busy streets are two of the factors considered when determining if roads classify as requiring a School Zone or School Area. Table 2 below shows the Transportation Association of Canada School Zone or Area Study Results Matrix. Completed study results of each School Area are shown below in Table 3.

Table 2: TAC School Zone Results Matrix

Total Score	Area or Zone?
0-40	Nothing
41-64	School Area
65-80	School Area or School Zone
81-100	School Zone

Table 3: School Zone Results

School	Arthur Pechey	Vincent Massey	Holy Cross	St. John's	Queen Mary	Princess Margaret	St. Anne's	Riverside
Total Score	57	57	60	62	62	65	70	73

Based on the TAC matrix it was found that 5 of the roadways classify as School Area and 3 classify as School Area or School Zone. This study was considered along with 0 pedestrian collisions in the last 10 years and 0 speeding complaints in the last 3 years, and has led to the recommendation to keep the locations as School Areas.

It is important to consider that the combined Average Daily Traffic near these 8 school zones is 60,810. Reducing these locations from 50km/hr to 30km/hr would add an estimated 180 hours of travel time to motorists each day. This is equivalent to an estimated \$600,000 in additional yearly travel time for Prince Albert residents (\$15/hr used for time/value estimate).

CONSULTATIONS:

A letter was received by the Prince Albert Board of Police Commissioners on June 29, 2022 that expressed concern of vehicle-pedestrian collisions in School Areas. Shown in Attachment 2 – Board of Police Commissioners Letter.

OTHER CONSIDERATIONS/IMPLICATIONS:

There are no Financial, Privacy or Policy Implications. There are also no Official Community or Communication Plans. There are no Options to the Recommendation.

STRATEGIC PLAN:

This report supports the long-term strategy to provide safe school zones and areas within the City of Prince Albert. This report also supports the long-term strategy to provide safe and effective traffic flow throughout the City of Prince Albert.

PUBLIC NOTICE:

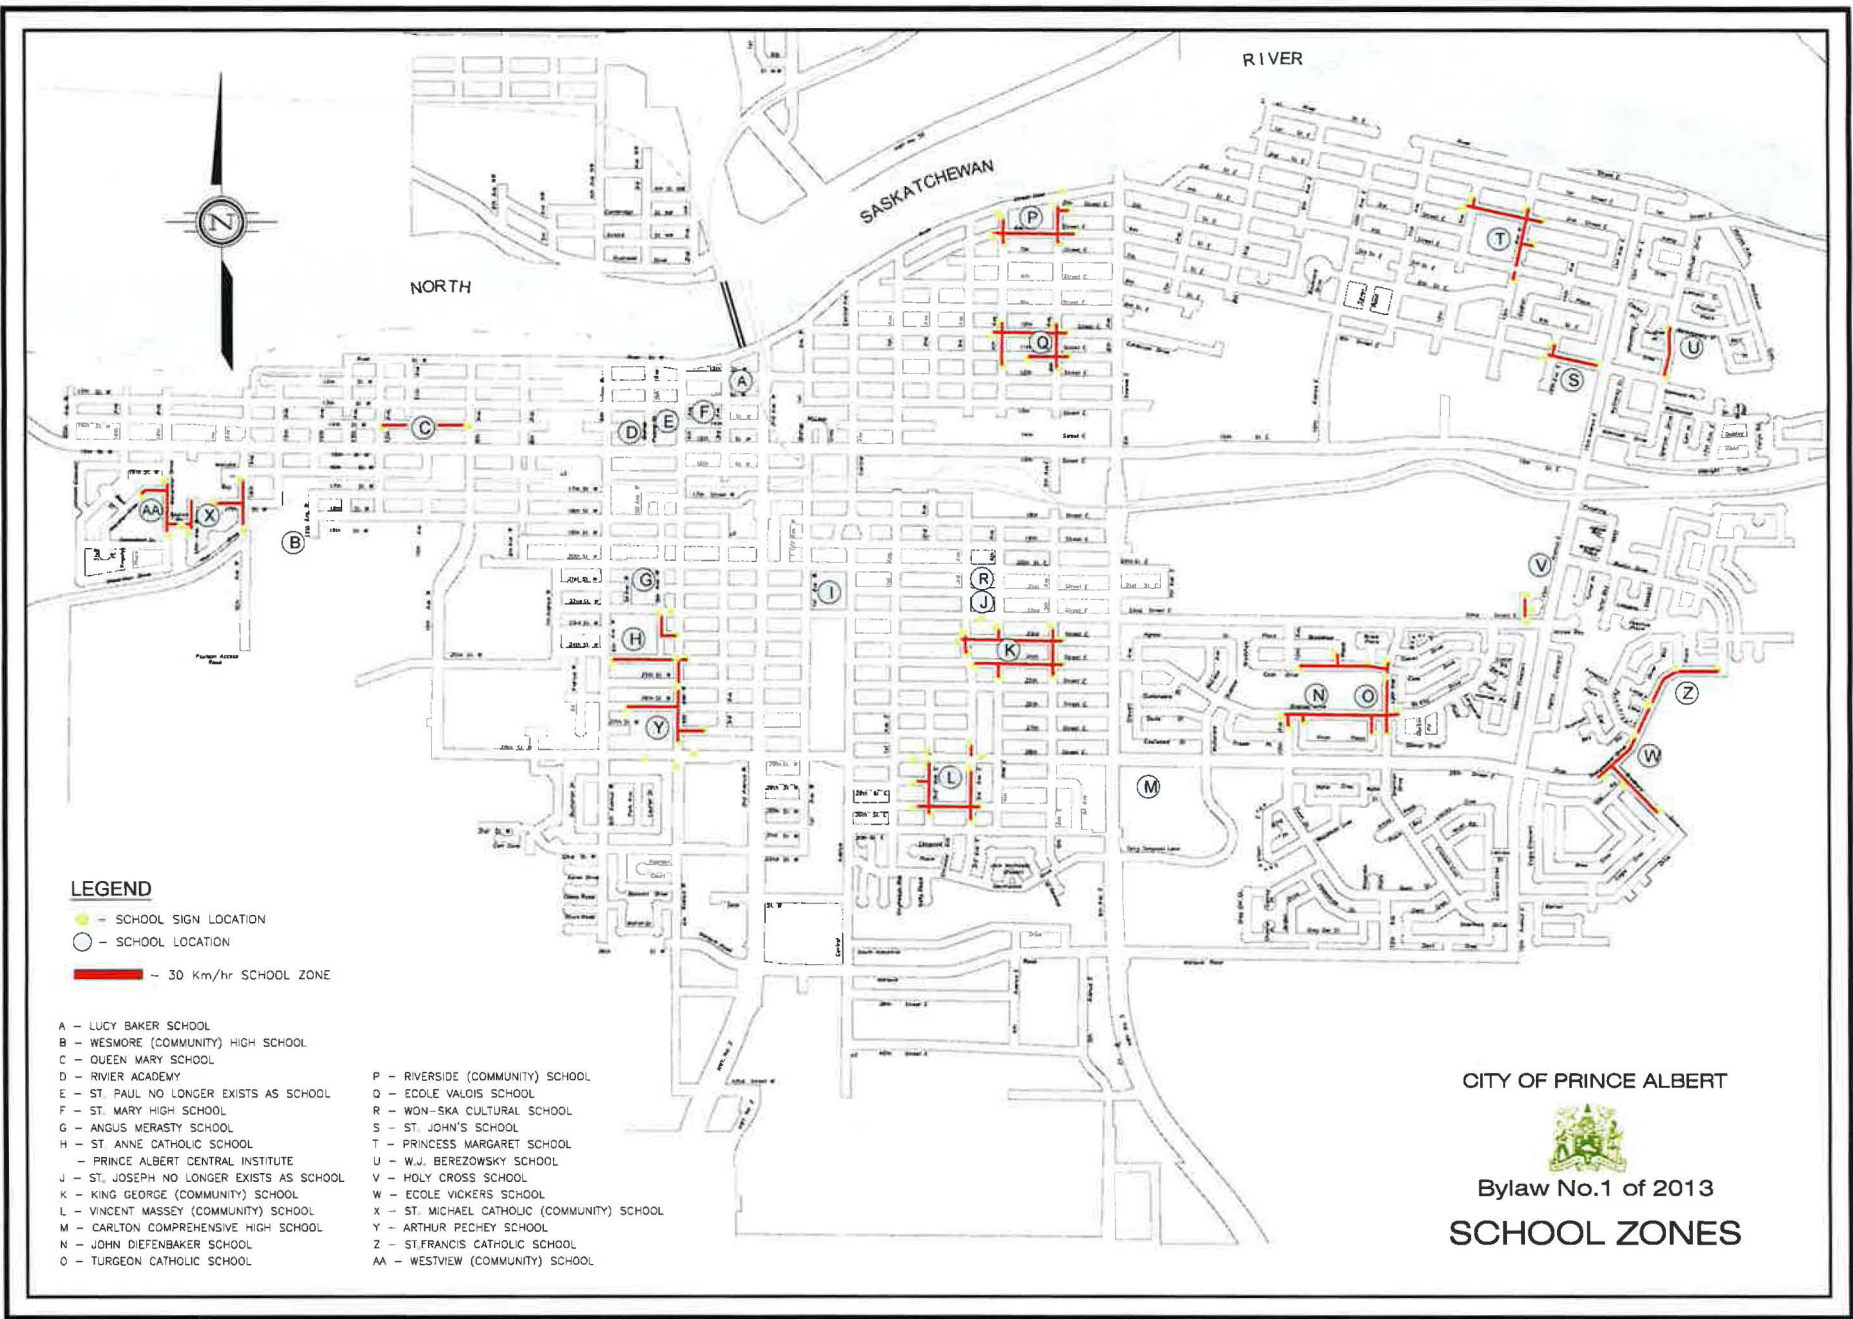

Public Notice pursuant to the Public Notice Bylaw No. 24 of 2015 is not required.

CITY CLERK
Executive Committee

Dear Mayor and Council,

RE: Amendment to Traffic Bylaw No. 35 of 2020

At the June 22, 2022 Board of Police Commissioners meeting, the Board discussed the speed limits currently established for different school zones throughout the City. The Board is deeply concerned with the potential of vehicle-pedestrian accidents especially in areas where speed limits of up to 50 km/hour are permitted. Restricting the maximum allowable speed to 30 km/hour during the school year provides motorists and pedestrians more time to react and can help prevent serious injury.

Accordingly, the Board respectfully requests that City Council consider amending the current Traffic Bylaw No. 35 of 2020 to have all school zones restricted to 30 km/hour for the months of September to June.

Thank you for taking the Board's request into consideration.

Regards,
