December 9, 2019

This document represents The City of Prince Albert's General Fund Budget for 2020.

The General Fund accounts for the widest variety of City activities. The costs of policing, fire and emergency services, streets and roads, transit operations, parks, recreation, building maintenance as well as the majority of administrative costs of the City are shown in this fund. Although most areas of service within the General Fund will have some revenue that is used to help offset the cost of the service provided, the bulk of the costs within the General Fund are funded by the property tax levy.

The other Funds that make up the balance of The City of Prince Albert's activities are: Water Utility Fund, Sanitation Fund, Airport Fund, and Land Fund.

The City of Prince Albert has moved towards presenting its budget document pursuant to industry best practices. The 2020 Budget Document presents all General Fund revenues and all General Fund expenses in a single table, but then further segments those values by operating areas sorted by Departments and Functional Areas. Overall the reformatting makes the ongoing comparison of Budgets and Financial Statements more understandable and meaningful.

A few notable comments to make with respect to the information within the City's Budget are:

1. The 2020 General Fund Budget includes a budgeted amount for amortization. Amortization, or depreciation, is an accounting method of allocating the cost of a tangible or physical asset over its useful life or life expectancy. Depreciation represents how much of an asset's value has been used up. Prior to 2020 the City did not budget for amortization as it is a non-cash item (i.e. it does not represent a cash outlay in the current year but rather the annual cost of the asset spread over its useful life). The City's auditors have requested that the City budget for amortization. An amount of \$7.6 million has been budgeted for amortization in the 2020 General Fund Budget but is for financial statement purposes only and does not have an impact on the mill rate.

2. The Police Service Budget is determined by the Board of Police Commissioners. The Board's role is then to submit a request to the City for the necessary funding for the cost of policing.

The City of Prince Albert's 2020 General Fund Budget recognizes projected revenues necessary to fund operating expenses, capital projects, and transfers to reserves.

Cherry Marchik

Cheryl Tkachuk, CPA, CMA, CPHR Director of Financial Services

The contracts cover all toner, maintenance, break/fix, etc. during the term. Once the term is over, vendors typically move to time and materials which dramatically increase the cost effectiveness of these devices. Reliability, productivity and the lack of new features become issues with the older models.</li> <li>Funding Source: IT Reserve</li> </ul>		25,000

C1-05	Workstations	Capital	Reserve	Externally Funded
	Detail: Workstation replacements. Purpose: The workstation budget was cancelled for 2019. For 2020 IT needs to double the purchase of workstations to 44 machines. Old machines running Windows 7 need to be retired and replaced by new Windows 10 machines as Microsoft support for Windows 7 ceases in 2020. It is critical that all machines be at Windows 10 in 2020. Many of the present PCs running Windows 7 cannot be upgraded to Windows 10 and therefore new machines need to be purchased.		44,000	Funded

C1-06	Arts Centre - Replace Stairs and Accessibility Ramp	Capital	Reserve	Externally Funded
	Detail: Replace the stairs and accessibility ramp due to deterioration. Purpose: The City of Prince Albert will apply for a matching Heritage Grant to replace the stairs and accessibility ramp. The total cost for this replacement is 150k and the budget ask is 75k. If the matching funds are not received from Heritage Canada we will have the option to proceed with repairing the stairs until funding can be secured to replace the ramp or Administration will prepare a report to determine potential funding sources to complete both aspects of the project at the same time. C1-12	EA Rawlinson Centre Renovations	Capital	Reserve	Externally Funded
	Detail: This project includes the replacement of the			
	carpet, expansion of the storage and server areas within			
	the main lobby. <b>Purpose:</b> The main lobby serves as the main focal point			
	during all events at the EA Rawlinson Centre. Some groups			
	specifically rent the main lobby exclusively for their event			
	requirements. The carpet is the original product installed			
	when the facility opened in 2003. As a result it requires			
	replacement. Expansion to the storage area will allow the			
	staff to keep certain pieces of equipment used within the			
	main lobby on site for event purposes. The server is used			
	for all events at the Centre and the renovation to counter		70,000	
	areas along with an expansion to the space is required to		,	
	facilitate the large volumes of patrons that attend the			
	various events at the Centre.			
	The Facility Reserve Fund is funded through surcharge			
	revenues from ticket sales. As the renovations will			
	improve the overall experience for patrons in the future it			
	is recommended that the project be funded from the			
	Reserve Fund.

C1-17	Asset Management / Work Order Software	Capital	Reserve	Externally Funded
	Detail: Work orders are currently managed through a manual paper process in Public Works, Community Services and Financial Services. In addition, the current asset management software is cumbersome and does not meet the City's needs for future asset management requirements. Purpose: The current paper process for work orders poses problems with carrying out work orders, monitoring of work order status, and tracking when work orders have been completed. Asset management is a key component in the health of the City's assets. In order to take advantage of future Federal & Provincial funding regarding asset management, an asset management plan will need to be in place and this software will assist in the preparation of these plans. In 2018 three software companies made presentation to Community Services, Finance, IT Support and Public Works. Theses work order and asset management software programs can be tied into the City's GIS software and public notifications from the City. Most Cities and School Boards already have these programs in place to manage their assets and track maintenance. The goal is to improve efficiency which will improve the level of service to the residents of Prince Albert. Capital cost approximately \$70,000. Annual operating cost of \$35,000.	70,000

C1-22	Long-Term Debt Repayment - West Hill Infrastructure	Capital	Decemue	Externally
C1-22	Improvements	Capital	Reserve	Funded
	<b>Detail:</b> 10 Year Long-Term Debt Principal Payment. <b>Purpose:</b> This represents the principal payments for the			
	long-term loan issued in 2009. This loan was required in			
	order to fund the construction of the West Hill			
	Infrastructure improvements completed in 2008 and			
	2009. It was for 20 years and was approved by City Council			
	on December 15, 2008. The interest rate noted for the			
	first four years of the loan was set at 3.01%. Council			
	approved the renewal of this loan with BMO in 2013 with			
	the interest rate fixed for 5 years at 2.83%.			
	In August 2018, Council approved the refinancing of this Ioan with RBC at a fixed rate of 3.4% for the remaining 10 years.	21,000		
	The Land Fund is responsible for 90% of the cost of financing and the General Fund is responsible for the other 10%.			
	In 2019, it is projected that the principal payment will be \$185,400. The loan is scheduled to be repaid in full in 2027

FL-08	Aerator	Capital	Reserve	Externally Funded
	Detail: 3 Point Hitch Aerator. Purpose: This will replace Unit #5909 which is 22 years old. It no longer performs the job it is intended to do. Aeration is critical to turf health and conditioning. Not utilizing adequate equipment has shown over the years as the compaction increases with increased cart traffic and usage. It has come to a point where turf loss is beginning to occur. Being able to complete proper cultural practices will help mitigate poor playing conditions. Proposed Budget: \$50,500		Removed by Budget Committee	

FL-09	Rotary Mower	Capital	Reserve	Externally Funded
	Detail: 72" out front rear discharge rotary mower. Purpose: This unit will be used to mow smaller rough areas throughout the golf course. Currently there is one 11 foot and a one fine cut rotary mower to complete all rough and surround areas. Keeping up and maintaining the rough at an enjoyable level for everyday play has become difficult with only two mowers. Having an additional mower will allow the rough to be mowed more frequently and in an efficient manner. Proposed Budget: \$35,000		Removed by Budget Committee	
FL-10	Topdress Brush	Capital	Reserve	Externally Funded
	Detail: Greens Topdressing Brush and Groomer. Purpose: This addition to the fleet will help to get sand into the profile much more quickly. It will also help to fill the hollow coring holes more efficiently than the previous method using blowers. The brush will also act as a groomer and will occasionally be used to stand the putting surfaces up before mowing aiding in reducing grain formation and standing up lateral growth to allow for an overall improved cut. FL-12	Self Contained Breathing Apparatus (SCBA) Replacement Program	Capital	Reserve	External Fundeo
	Detail: Replacement of SCBA's. Purpose: Public Sector Accounting Board standards require capital items to be capitalized on an annual basis. SCBA's are capital items that are an integral piece of equipment for firefighters. They have a limited life span. This replacement program is intended to cycle the SCBA's to ensure that this equipment does not exceed its life cycle. This amount is for 8 new units at present there are 24 SCBA units built between 1992 and 2002 these are AP50 units which are very expensive to get parts for. Eight units will be budgeted for the next three years which will replace all these old AP 50 units. Funding Source: Fire Equipment Reserve		80,000
