4th Avenue West (13th – River Street) – Watermain Relining

The City of Prince Albert Public Works Department would like to advise residents of the upcoming underground utility work on 4th Avenue West between 13th Street and River Street. The work includes the relining of the existing 1911 Cast Iron Watermain (highlighted in **Red**) with a structural liner, bringing the main to a like new condition without the need to excavate the entirety of the pipe length. The relining work requires excavation of pits in select locations along the block (highlighted in **orange**) to feed the structural liner through the main. Residents can expect an additional notice to be delivered prior to paving and concrete repairs taking place.

1. **Project timeline: July 7th to August 15th**, weather permitting.
2. **Impacted Areas:** Watermain relining will take place along the pipe segment highlighted in **Red**. You are receiving this letter because you either reside within the construction zone or within a 30-meter radius.
3. **Limited Driveway and on-street parking access:**
 - Parking and driveway access will be limited to maintain a safe distance from any excavations throughout the project. Plan for an alternate parking location if you typically park near one of the **orange** zones.
4. **Traffic:** In order to maintain a safe distance from excavations, traffic will be limited to the southbound direction only during the project. Local traffic will be permitted when possible.
5. **Garbage and Recycling Pick-up** will continue as scheduled.
6. **Landscaping and Trees:** No trees are anticipated to be removed as part of this project. If your landscaping is impacted, further communication will be issued.

If you require further information with respect to this matter, please do not hesitate to contact Public Works at (306) 953-4884. For more information on this project or any other capital projects throughout the city, please visit www.citypa.ca/capital-projects/.

Yours truly,

Evan Hastings, B.Sc., C.E., EIT
Capital Projects Manager
