### **RE: 2025 Watermain Replacement – 17<sup>th</sup> Street West (9-12 Avenue)**

The City of Prince Albert Public Works Department would like to advise businesses and residents that 17<sup>th</sup> Street West (9 - 12<sup>th</sup> Avenue) is scheduled for a Capital Utility & Paving Project during the 2025 Construction season.

#### **Project Details - Watermain Replacement:**

The scope of the project includes the conventional excavation and replacement of 24 meters (Highlighted in **Red**) of 150mm diameter Cast Iron Watermain (1955) with a new PVC Watermain. The watermain replacement will take up to **three (3)** days, during which properties highlighted in **Orange** will not have access to water during active construction. At times where active construction is not taking place (mornings and evenings) water will be restored to each property. The water service will not be disrupted for more than 10 hours at a time.

During the watermain replacement, the road segment outlined in **Red** will be closed to vehicle traffic. Driveway and lane access in this area will not be possible.

#### **Project Details - Road Rehabilitation:**

Upon completion of the watermain replacement, roadway rehabilitation will take place. This includes asphalt milling, paving and select concrete repairs in the area highlighted in **Green**. A notice will be provided to residents in the coming weeks to present further details regarding the roadway rehabilitation portion of this project.

A follow-up letter will be provided two weeks prior to construction to provide additional details about the project including the anticipated impacts to water service, project scheduling and traffic control. For a list of projects identified for paving and utility replacements, please visit <https://www.citypa.ca/en/parking-streets-and-transportation/capital-projects.aspx>.

If you require further information with respect to this matter, please do not hesitate to contact Public Works at (306) 953-4884.

Yours truly,

Evan Hastings, B.Sc., C.E., EIT  
**Capital Projects Manager**
